# Dedication

We, the Seniors, dedicate this 1951 edition of the Mohirab to the Montgomery Township High School Commercial Department. The members of the staff and their faculty adviser wish to express their appreciation to the commercial students who typed the Mohirab stencils, Mrs. Johnson, who had charge of the Mimeographing, and our artists, Joanne King and Mary Biller.

# CLASS HISTORY

As we, the Seniors, look back upon all our school years here at M.H.S., we find that the enrollment of our class has changed many times. On our very first day of school, Miss Flory counted 23. She tried to teach us how to behave in school. Well, you see the results.

Miss McNary, our second grade teacher, counted us the next year. She found we had decreased to only 18.

The next year, our third, Miss Jacobs counted us and found we had again decreased in number to 17.

In the fourth grade we again had Miss Jacobs, who, we are glad to say, was promoted too. She counted us once more and recorded a grand total of 16.

In our fifth grade we again decreased in number to 15. Mrs. Garner was our very able teacher.

Mrs. Garner was again our teacher for our sixth year. She prepared us for Junior High.

At last we reached Junior High, rather shyly but surely. Mrs. Johnson was our home room teacher both years. There was an increase here to 19 members.

When we entered high school, we were excited, giddy freshmen. We increased here to 22.

Mrs. Wallace was our sophomore home room teacher. We decreased here to 21.

In our junior year, Mrs. Kinzey was our home room teacher. There were 22 of us again.

This year there are only 17 of us left. Mr. Stevens is our sponsor, and Mr. Chapin is our home room teacher.

Those who started together and have been and still are together are: Francis Adams, Rebecca Heminger, Madge Hedge, Lillian Sherman, Flo Carpenter, and Russell Burton.

SENIOR CLASS WILL

Listen, my friends, and we shall pass  
Our last will and testament to the Junior Class.  
Being of able body and sound mind(?),  
I shall partition and declare the following at this time.

First: Jointly, we, the disciplined Seniors, will our scholastic ability to the Juniors, providing they don't over-use it.

1. I, Dale Owen Jr., will my large vocabulary to Rex Parsons, if he promises to fill my position in American literature.

I will let Mr. [redacted] express music back to Mrs. [redacted].

[redacted] will have about \$[redacted] for Mrs. next year.

I hope, however, will my every clarinet notes to the entire  
M.H.S. Band.

Q. Now, I want to ask you, did you tell Mr. Johnson by your colloquial knowledge, I didn't mean to take it anyway.

"I will be able to come to Larry Schultz."

... will try ability to catch a husband to Regina Baker.

1, I shall be able to hold Nonnemaker  
that will be the best for when I leave open.

... pair to Sally Cost.

williamson so Lick will catch up on his sleep.

order that she may sing light operas.

Stewart, on condition that he doesn't take mine.

she won't invade Fostoria.

It's not I, it's the school, and my talent to any Junior who wants it: I don't.

1: I am not, I believe, the only person to Mr. Locke, to check  
the other, but I believe I am not more so than I do.

Sixty dollars a month, I can't hardly wait half to Barbara Burns, so Barbara can spend her time more wisely.

if she will find me one.

to Mr. Chapin.

Mr. [redacted] will be in. It was the singing class  
[redacted] that they will be singing a hymn or two.

1941-1942: 1. The Editors, 1941 to 1942. Look on the list and unpublished poetry.

the following: the 500,000, 100,000 to Mr. Fox is all left and books referring to farming.

Twenty-second: In the evening, will to Mrs. Moor all our hearty  
wishes and hope that she may pass the word on to our followers.

Letter: 4, to the attention of the Port Huron Tw. High School,  
 Port Huron, Mich., leave all our respects to the Junior class.

# CLASS FROM HEAVEN

As captain of the space ship to Earth I feel that it is my duty to report what and whom we saw there. My crew and I left Mars in the Martian year 75001 in the Flying Saucer model 726-X1. We made the trip to Earth uneventfully and landed in the United States of America. We landed in the Earth year 1971 and stayed eight Earth months.

The first man we saw was Dick Foster. He was an Earthling of a very poly-poly appearance. Dick introduced us to Marge (Hedra), his wife, and their two lovely daughters. Marge treated us to a delicious dinner of duck from Dick's duck farm.

Next our wanderings took us to West Millgrove. Here we met Joyce (Dick's aunt) Licker. She was happily married and had an eighteen year old son.

Joyce introduced my Martian party to Harold Garen who was married to Lois Elder. She earned the living for both Harold and herself while Harold doctor's test '33 Plymouth which he still called a car.

Our wandering now brought us into contact with Francis and Emma Lou Sherman Adams. They had five sons who played basketball. What a team!!!

From an airport near Toledo, we went via Earthman's jet planes to Hollywood, California. This is the capital of the motion picture industry.

Here we met Max Tyson, a motion picture actor. Mick had finally found a place where long side burns were in vogue---western movies!!

Max took us Martians to see a friend of his, Russell Burton. Russell, it seems, had taken advantage of his silly notions and zany antics to become a comedian. He had an hour T. V. show daily.

Supplying the music on Russell's show was Joanne King. Joanne played the piano and had a copious amount of wonderful singing. She was, incidentally, happily married.

From Hollywood we went to Texas where we met Lillian Sherman and her husband. After twenty years of married life she still treated him like a God. Yes, burnt offerings three times daily.

From Texas we traveled to Seattle, Washington. There we met Hava Long. She had dedicated her life to missionary work and the converting of heathens to Christianity. Whether she carried out her work with a fervor or fever I never determined.

Next the Martians traveled to the mid-west. Here we visited a lab where atomic research was being conducted. Rebecca Hwinger was chief technician, and after seeing her lab methods, we Martians all breathed more easily when we'd left her behind.

We now decided to visit a hospital. We became acquainted with Flo Carpenter. It is said that she's killed---and kissed more patients than all of her predecessors.

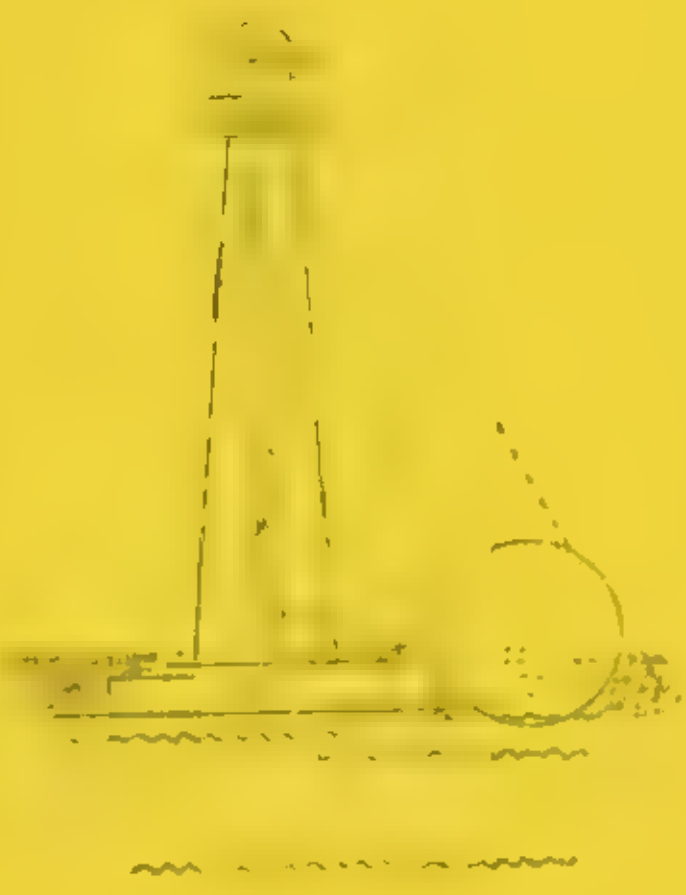

We Martians stayed in for an evening to watch the T. V. miracle. Lewis Buchanan was on giving a T. V. concert. He had taken full advantage of his "hot trumpet" and "golden notes" to become America's no. 1 trumpeter.

My Martian party now took off for Wayne. We went by air, and our stewardess was Mary Miller. She told me that she'd lost two jobs because of the way she "soothed" nervous men passengers.

The last man we saw was Doctor Dale Tyson, a physicist. His last words were: "You can't possibly be here. Interplanetary travel is impossible!"

## HISTORY OF SENIOR TRIP

Twenty persons went on the Senior Class trip this year-seventeen seniors and three sponsors-superintendent and Mr. Robert E. Stevens, and Mr. Paul Chapin.

The class went via the Baltimore and Ohio Railroad leaving Astoria at 5:03 P. M., May 27. We arrived in Washington D. C. the following morning. The forenoon was spent visiting the interior of public buildings which included: The Bureau of Geography and Cartography, The Washington Monument, The Pan American Union, The Smithsonian Institute, and The United States Capitol.

After lunch on Capitol Hill, we went to Arlington National Cemetery passing some of the most beautiful of interest and making a stop at the Lincoln Memorial. In Arlington we viewed the tomb of the Unknown Soldier and saw the crypts of the famous dead. Leaving Arlington we returned to the city to visit the White House and the Lincoln Memorial. Returning to Washington we passed through Alexandria, Virginia, the old city of Washington, the National Airport, and also the famous cherry trees. In the evening we attended a concert at the Lincoln Memorial.

The next morning we took a train to Annapolis, Maryland, to visit the U. S. Naval Academy building and grounds. Leaving Annapolis we returned to Washington and visited the Ford Motor Factory and the Lincoln Memorial.

After lunch at 2:00 P. M., we visited the National History Building and the Federal Bureau of Investigation. We had time out for a bit of shopping in the downtown area. After dinner we had the evening free until train time. Then we traveled to New York City and stayed for three days and two nights in a first class hotel.

In New York City we received broadcast tickets to a national network program. We were able to see all the scenes of the city and television program. Then we went to the Empire State Building and the observation roof. Later we took a ferry boat to Ellis Island to visit the Statue of Liberty.

The tour which proved to be most interesting was the Circle Line Yacht Trip, which was a tour of the five New York boroughs and New Jersey, including the Manhattan Islands, with a lecturer on board to point out the many landmarks, including the Lincoln Tunnel, the five New York boroughs and New Jersey, the Washington Bridge, the United Nations Building, Grant's tomb, and the Statue of Liberty, Yankee Stadium, and many other points of interest.

We went on a tour of the city and had a sightseeing tour of the upper and lower Manhattan, Wall Street, Times Square, Fifth Avenue, Saint Patrick's Cathedral, and Harlem.

A unique view of the city from the stars at the Hayden Planetarium was most educational.

After lunch we took a sightseeing tour through the city at night, passing through Greenwich Village, the city with its streets of foot-ten men, downtown Brooklyn, the lower East with its pushcarts, clothes-lines and gossip. Then we had a late snack at Jack Dempsey's Restaurant.

The Great White City at night was the most spectacular display of Electric Illumination in the world.

The wonderful chicken dinner, color show and dancing at Billy Rose's Diamond Horseshoe, the most famous place in the world, was enjoyed by all.

Shopping in the world's largest department stores was thrilling, especially to the girls!

Like all good things, our exciting trip had to come to an end, so it was back to Wayne again.

## MUSIC CONTESTS

On March 31 ten instrumental and vocal soloists and the girls' ensemble participated in the annual Northwestern High School and ensemble contest at Bowling Green State University.

At the Montgomery High School students who received certificates for outstanding work are Joanne King, soprano; Flo Carpenter, mezzo soprano; Maise Hedge, clarinetist; Bob Lortie, pianist; Kenny Gysin, trumpeter; and the girls' ensemble.

On April 6 the M. H. S. Band went to Bowling Green where it participated in the Northwestern High School and ensemble contest. The band received a rating of excellent.

## ENGLISH STUDENTS HONORED

Early in the year it was announced that two Montgomery seventh graders, Sidney Baker and Tamara Sperry, had written essays which were selected for publication in "Young America Speaks," an anthology of high school prose. Nearly half a million essays were submitted for consideration.

Nancy Foxworth's essay, "How the Christmas Seal Fights Tuberculosis," won first prize in a local County contest. Nancy was a freshman this year.

## VALEDICTORIAN AND SALUTATORIAN

Emma Lou Sherman is the valedictorian of this year's graduating class, and Flo Carpenter is salutatorian.

## CLASS PLAYS

The Junior Class Play, "Gertie's Uncle," was presented on March 16. A responsive audience enjoyed this play, the theme of which was mistaken identity.

On April 27 the Seniors gave their play, "Patty Jane from Pumpkin Lane." The rambunctious antics of the rustic characters resulted in many hilarious situations.

The high school concert, "The Gypsy Rover," was presented on April 6. The concert was presented in the grandiose manner which has become a tradition at M. H. S.
